Blue lines point to magnetic north, 250 m apart. Set your compass bearing and follow it directly; no declination math needed.

Squares: parking. Circles: sites (A and F1 visited; B crossed out = passed; C, D gray = skipped). Site positions for A to D are approximate (±100 m).

Camp 150+ ft from roads, trails and water. Base map: Andy Arthur (andyarthur.org), NYS GIS / NYS DEC data. Coordinates WGS84 decimal degrees.
